

Governor's Commission for a Drug Free Indiana

A Division of the

Comprehensive Community Plan

County: Washington

LCC: Washington County Substance Abuse Council

Date: June, 2006

Contact: Sharon Purlee

Address: 806 Martinsburg Road, Suite 203

City: Salem, Indiana

Zip Code: 47165

Phone: 812-883-1446

Email: s_purlee@hotmail.com

County Commissioners:

Phillip Lofton, President

Address: 99 Public Square

City: Salem, Indiana

Zip Code: 47165

Plan Summary

Mission Statement: The mission of the Washington County Substance Abuse Council is to improve the quality of life of the people of Washington County by attacking the problem of substance abuse in the community through awareness and prevention of substance abuse at all levels, comprehensive substance abuse treatment programs, community involvement in fighting substance abuse and support of complete enforcement of the law involving substance abuse crimes.

History: A Washington County Youth Coalition was formed in September, 1988, with the Governor's Commission for a Drug Free Indiana's Southeast Regional Advisory Board. This coalition was recognized by the Governor's Commission as the Local Coordinating Council with state recognition of the Family Alcohol/Drug Program in January 1990. In the fall of 1990, the County Prosecutor's Office and members of the Awareness Leadership Program began Washington County Against Substance Abuse of WCASA. By-laws were adopted and a resolution was signed by the County Commissioners acknowledging WCASA as the agency which would review all expenditures of Drug-Free Communities Fund for the county. A community needs assessment in 1990 indicated the need for coordination between county agencies, the need for data and followup on individual cases and a need for an organization and support groups for those involved in drug programs. In July, 1994, the name WCASA was dropped and became the Washington County Local Coordinating Council. The LCC went through a restructuring process because of a change in leadership. Since January, 1995, the LCC has been known as the Washington County Substance Abuse Council. The Council has made significant strides since it began and continues the attempt to develop a plan for drug-free schools and community. The LCC combines judicial, law enforcement, community service agencies, schools and many community leaders and members. The geographic area covered by the LCC includes three school systems and the entire county with towns of Salem, Pekin, Little York, Livonia, Hadinsburg, Fredericksburg, and Campbellsburg.

A Drug Free Community Support Grant was applied for and received in 1999. A full-time director was hired in April 2000 to allow oversight of day-to-day operations and to provide for increased marketing of the Council and its presence in the community.

Summary of the Comprehensive Community Plan: The Washington County Substance Abuse Council continues to implement many of the same programs and activities that have been successful for the community. The three school systems are always receptive to providing opportunities for educational programs especially during special times such as Red Ribbon Week, Great American Smokeout, Kick Butts Day and Alcohol Awareness month. The three schools were very accommodating for the Teach Ins that followed the Underage Drinking Town Hall Meeting. Local media is also very receptive to the group. The two local papers print news articles for us and the radio-TV station allows us free time during the monthly visit by the director.

The Council continues to support a variety of anti-drug activities through the minigrants. A total of \$19,000 was given out for the year 2005-2006. Monthly meetings continue with limited success in attendance. Although we have a lengthy membership list, most members do not attend every meeting. However, support is given when a special need may arise. Youth attendance has increased as the Substance Abuse Youth Group has combined with VOICE, an anti-big-tobacco group. To increase adult membership, some different strategies may be undertaken; for example, a survey to determine if changing times or days would be beneficial. The members who are regular attendees are very involved with the programs and activities.

Local school surveys indicate continued decline in drug usage in most areas. Selected projects for the Drug Free Community Support Group, which the Council administers, have mixed success. Many local law enforcement, probation and judicial persons take part in the LEAD project. Center for Women's Ministries has much success with its program of work including Teen Challenge. Too Good For Drugs has not been offered by the YMCA; however, the YMCA provides many different programs reaching hundreds of youth. Positive Action has been added to the health curriculum at West Washington School. Big Brothers Big Sisters has had three meetings with ALERT components.

The Director and members attend various local, state and national events--PRIDE, CADCA, Governor's Commission Conference, Governor's Conference on Service and Volunteerism, Youth Summit, Youth Legislative Day, Governor's Conference on Meth, tobacco coalition meetings and much collaboration with other local organizations and events.

The programs and activities done by the Substance Abuse Council are planned to address the three stated problems.

- 1: Youth and adults in the county abuse substances including alcohol, tobacco and other drugs.
2. Individuals and families facing issues associated with substance abuse and addiction do not have a full range of affordable, accessible intervention, treatment and aftercare resources and programs available.
3. Law enforcement and justice system programs in the county are overwhelmed with the demands put on the system by substance abusing offenders.

Membership List

County LCC Name: Washington County Substance Abuse Council

Name	Organization	Race	Gender	Category
Todd Albertson	East Washington	Caucasian	Male	Youth
Miranda Baumbusch	Salem Middle School	Caucasion	Female	Youth
Kayla Baumbush	Salem Elementary	Caucasion	Female	Youth
Ashley Brown	West Washington	Caucasion	Female	Youth
Ashley Cambron	West Washington	Caucasion	Female	Youth
Jacob Donayel	E. Washington High School	Caucasion	Male	Youth
Jennifer Hurse	E. Washington High School	Caucasion	Female	Youth

[illegible]

Problem Identification

Problem Statement #1: Youth and adults in the county abuse substances including alcohol, tobacco and other drugs.

Supportive Data:

- In 1999, 14% of sixth graders reported using alcohol monthly. In 2003, 9.2% reported using alcohol monthly and that compares with 9.9% state usage. In 1999 in the 8th grade, 35.1% reported using alcohol monthly compared with 28.1% in 2003. The state usage was 24.3 and the national rate was 19.6. For tenth graders, in 1999, 43.5% reported using alcohol monthly and 36.8% in 2003. Twelfth grade students reported the highest rate of usage at 68.2% using alcohol monthly in 1999. That figure fell to 53.7% compared to state usage of 46.1% in 2003.
- In 1999, 14% of sixth graders reported using cigarettes with small percentages using cigars, pipes or smokeless tobacco. By 2003, the percentage had dropped to 3.1% compared to 5.1% in the state. In 1999, 33.1% of tenth graders reported using cigarettes and 13.6% using smokeless tobacco. In 2003, the percentage of cigarettes had dropped to 30.6% and 9.0% for smokeless tobacco. This compares to State percentages of 22.2 for cigarettes and 6.0% for smokeless. National averages were 17.7% for cigarettes and 6.1% for smokeless tobacco.
- For tenth graders, rates in 1999 were 54.5% using cigarettes and 22.7% using smokeless tobacco. In 2003, rates were 26.8% using cigarettes and 7.3% using smokeless tobacco. State averages were 28.8% smoking cigarettes and 7.9% using smokeless tobacco. National rates were 26.7% using cigarettes and 6.5% using smokeless tobacco.
- For tenth graders, rates in 1999 were 54.5% using cigarettes and 22.7% using smokeless tobacco. In 2003, rates were 26.8% using cigarettes and 7.3% using smokeless tobacco. State averages were 28.8% smoking cigarettes and 7.9% using smokeless tobacco. National rates were 26.7% using cigarettes and 6.5% using smokeless tobacco.

Year 1 Update of Supportive Data:

- In 2004, nine Meth labs were dismantled compared to two in 2002. Cumulative lab busts from 2000-2004 were 23 which ranks Washington County 49th out of 92 counties. Washington County youth consistently show higher usages of tobacco, alcohol and marijuana. Alcohol continues to be the number one drug of choice. In 2004, three persons were killed because of alcohol, two car crashes and one drowning. Two persons died of drug overdoses.
- In 1999, 14% of sixth graders reported using cigarettes. By 2004, the percentage dropped to 6.4% compared to 5.4% in the state. In 1999, 33.1% of tenth graders reported using cigarettes and 13.6% using smokeless tobacco. In 2004, the percentage of cigarette use had dropped to 30.8% and 8.3% for smokeless tobacco. These latest figures are comparable to state and national statistics.
- In 1999, 35.1% of eighth graders reported using alcohol monthly but the percentage dropped to 21.9% in 2004. State average was 29.4% and national rate was 19.7%. Twelfth graders reported a rate of 68.1% in 1999 compared to 41.8% in 2004 which was in line with state usage.
- In 2004, marijuana rates ranged from 4.5% of sixth graders to 34.1% of seniors using but the perceived risk was much higher among younger students.
- Although percentages of students using tobacco dropped, the percentages are still above state and national usage.
- Salem High School participates in the IPRC survey each year.
-

Year 2 Update of Supportive Data:

- The following data is from the IPRC Survey
- In 2005 the percentage of 6th graders using cigarettes monthly was 4.2 % (the state average down from 5.4%.
- In 2005 the percentage of cigarette use by 10th graders dropped from the 2004 report of 30.8% to 23.2%.
- Monthly smokeless tobacco use by 10th graders increased from 8.3% in 2004 to 16.1% in 2005.
- 12th graders reported monthly use of 68.1% in 1999 it dropped to 41.8 in 2004 but increased to 49.4% in 2005. The national average in 2005 48%.
- Tobacco Retail Inspection Program has lowered retail establishments selling to minors under 10%.
- In 2005, monthly marijuana rates for 6th graders dropped from 4.5% to 2.1.
- 12th graders reported monthly marijuana use in 2004 at 34.1% and 21.8% 2005. The perception of risk of marijuana was reported as high risk.
- Indiana Prevention Resource Center survey reports most percentages are above state and national averages.
- On the survey, youth report tobacco and alcohol easy or very easy to obtain.
- In personal talks with youth, most report getting drugs from parents, older brothers and sisters or older friends.
- Almost 90% of seniors in high school report drugs very easy to get.
- Probation officers report that alcohol is easier to get than the harder drugs.
- In 2002, two Meth labs were dismantled, in 2004, nine, and 2005, eight.
-

Final Update of Supportive Data:

-
-
-
-

Objectives:

- Increase public awareness and education of local issues and resources related to substance abuse reduction through an active social marketing campaign.
- Continue to support and develop new local SADD chapters.
- Continue distribution of Strong family prevention video "In Julie's Memory" in schools and in the jail.
- Continue development of youth board and involve youth board in social marketing activities.
- Encourage youth participation in all phases of LCC operations as well as other community prevention projects.
- Support prevention-education programs provided through the schools and other community organizations, with an emphasis on research-based proven prevention strategies. Work to reach all age groups.
- Provide healthy, drug-free alternative activities for children and youth, especially after school and during summer break.
- Support tobacco education/cessation programs for youth and adults.
- Attend state and national substance abuse training opportunities.
- Participate in State and National education/awareness campaigns such as Orange Ribbon Week, the Great American Smoke Out, etc.
- Year two addition -
- Encourage use of school facilities at night and weekends.
- Coordinate activities with the local tobacco coalition.
-

Year 1 Update (progress towards the objectives):

- Awareness advertisements in the local papers
- TV-radio monthly appearances
- Restaurant placemat project
- Participation in two local parades
- Participation in local community events such as the County Fair and Senior Fair
- Continue financial support of local SADD chapters for special events through our mini-grant program including support to the National SADD Convention
- Financial support for a new SADD chapter at Eastern Middle School, 2005
- Invite SADD representatives to local LCC meetings
- Director attend SADD meetings and events
- Video shown at local service clubs
- Video copies taken to state and national meetings
- Judge shows video to all arrested for DUI
- Sheriff plugs in video to all TV sets in the Detention Center periodically
- Provide copies to all health teachers and school counselors
- Increase attendance with special get acquainted meetings
- Encourage present members to bring friends and give awards for most participants
- Encourage youth to write letters to the editors of the papers extolling their support of the board and the youth work with their peers
- Students write articles for school newspapers
- Ask students who attend special events to provide programs for the LCC meetings
- Plan meetings to accommodate youth
- Offer financial mini-grants to teacher who promote substance abuse activities
- Use national events to promote anti-drug activities
- Provide speakers for classrooms and groups
- Provide schools with science-based curricula if possible
- Present programs in schools per teacher request
- Participate in events designed for special age groups such as Seniors, schools
- Support after school programs such as "Afternoons Rock"
- Provide financial support for any groups sponsoring anti-drug events such as school dances and safe nights
- Continue support for Paddle Club at Delaney Park during summer months
- Support YMCA programs financially
- Continue financial support for tobacco cessation program at the hospital
- Help start cessation programs for high school students
- Assist in getting factories or industries to hold cessation classes
- Provide materials or other aid to a new half-way house opening in Salem
- Publicize cessation programs in Indiana
- Attendance at the Governor's Commission for a Drug Free Indiana Conference
- Attendance at Youth Legislative Day
- Attendance at Youth Summit
- Attendance at Middle School Youth Summit
- Participation in Indiana Teen Institute
- Participate in PRIDE
- Provide programs to local schools on the National Events Days
- Sponsor contest such as posters or essays
- Ask youth to make window displays with anti-drug messages
- Provide financial support for SADD or other groups for special programs such as the "Wall Against Drugs" using Kleenex boxes
- Sponsor qualified speaker for assemblies
- Media during special events
-
-

Year 2 Update (progress towards the objectives):

- Provided \$19,000 in minigrants to local agencies for the anti-drug activities.

- Funded Delaney Park program which is a summer program for youth called the "Paddle Club".
- Funded grant to assist SADD Chapter at West Washington High School and Salem High School.
- Funded student council and West Washington SADD's After-Prom Programs and other prevention activities.
- Funded BABES Program.
- Used national events such as Red Ribbon Week, Great American Smokeout, Kick Butts Day, Orange Ribbon Week and World No Tobacco Day to draw attention to the problem.
- Presentations in schools and community functions for education and awareness
- Drug Free Programs, LEAD, Teen Challenge, Positive Action and ALERT.
- Town Hall Underage Drinking meeting on March 22 with several articles in paper and on radio/TV before and after the meeting.
- Town Hall meeting on Youth Underage Drinking with follow-ups in the schools for a Teach-In.
- Was effective in getting Afternoon Rocks in one school for the first time.
- Salem High School uses "In Julie's Memory," a video about a local young woman killed by a drunkdriver, as part of alternative ISTEP activities.
- Radio/Tv appearances and newspaper coverage have been used for educational and awareness in the community.
- Local council has been involved with numerous community events to raise awareness of the issue.
- VOICE activities and membership increased.
-

Final Update (progress towards the objectives):

-
-
-
-

Goals:

- Reduce use of ATOD drugs as reported in IPRC and ITPC data/surveys to below state and national averages.
- Reduce use of tobacco by pregnant women or women with small children through WIC and Healthy Families programs.
-

Year 1 Annual Benchmarks:

- Provided \$15,000 to local entities for anti-drug activities.
- Presented "In Julie's Memory" at the National PRIDE convention in Cincinnati.
- 1000 persons at Kid's Day at the Fair which was the third smoke-free year.
- Youth participation in Governor's Youth Summit, high school and middle school, PRIDE, Youth Legislative Day, two parades, State SADD Day,

Year 2 Annual Benchmarks:

- In 2005 the percentage of 6th graders using cigarettes monthly was 4.2 % (the state average) down from 5.4% 2004.
- 12th graders reported monthly marijuana use in 2004 at 34.1% and 21.8% 2005.
-
-

Final Report:

-
-
-
-

Problem Statement #2: Individuals and families facing issues associated with substance abuse and addiction do not have a full range of affordable, accessible intervention, treatment and aftercare resources and programs available.

Supportive Data:

- In-patient detoxification and addictions treatment can be difficult or impossible for County residents to access, especially for those who are uninsured or underinsured. There are currently no detox beds in the County, nor is inpatient treatment available within the County. Patients with dual-diagnosis have difficulty receiving adequate treatment.

Year 1 Update of Supportive Data:

- The only de-tox beds available for persons picked up who are intoxicated are in the jail and those are short-term. Options are available on a voluntary basis for people with life-controlling substances. These are Alcoholic Anonymous groups, Washington County Hospital's New Horizons, Teen Challenge, an Alcohol and Drug Hotline, plus some churches that offer counseling. Court-ordered counseling is most generally a term of probation.
- County was awarded the Drug Free Community Support grant for the second five-year-cycle.

Year 2 Update of Supportive Data:

- County clerk recorded 314 arrests, 174 for alcohol, 48 or marijuana, 76 for public intoxication or illegal possession and 16 for cocaine or Meth.
- New Horizons Outpatient Treatment is limited financially (hospital's outpatient program).
- Juveniles cannot be held in the local jail and must be detained in other counties.
- Close proximity to larger cities is a risk factor.
- We had more newspaper and radio/TV articles for the social marketing plan.
- Participated more community events such as fair with Kid's Day and Senior Day, parades, back-to-school, VOICE activities,
- Washington County fits the profile for drug users by having low educational attainments in youth and adults.
- Number of Meth labs dismantled dropped.

Final Update of Supportive Data:

-
-
-
-

Objectives:

- Continue to work with local service providers to develop and broaden both inpatient and outpatient treatment options for substance abusing patients.
- Support the continuation of self-help support groups for teen and adults in the County.
- Provide treatment subsidies/scholarships for citizens needing financial support to receive treatment for addictions.
- Continue to support half-way houses for recovering persons.
- Advocate for additional funding from the State and Federal governments for addictions treatment.
- Continue to support Teen Challenge treatment program.
- Added in Year 2 update
- Support establishment of youth cessation programs.
- Financial support for Center for Women's Ministry to reach families.
- Continue the IPTC survey to obtain usage of youth

Year 1 Update (progress towards the objectives):

- Continue support of agencies providing treatment such as New Horizons
- Provide recognition for agencies offering treatment
- Meet with local providers to lend support for their efforts
- Attend meetings of service providers
- Invite representatives of groups to LCC meetings
- Invite approved representatives to speak with school groups
- Recognize groups during such times as September National Recovery Month
- Continue scholarships for out-patient person in New Horizons
- Continue financial support for Teen Challenge, an alternative to incarceration, but only with approval of judge/prosecutor
- Have food or hygiene item drives for persons
- Provide financial support for materials or games, etc.
- Attend legislative days and advocate for an increase in the alcohol tax to be earmarked for treatment. (Coordinator did this once but will do it again locally).
- Join committed group for extra support. Coordinator belongs to a group with Tammy Lowe of Purdue that is working on this issue.

Year 2 Update (progress towards the objectives):

- Continued excellent collaboration with local service organizations.
- Continue web page for service organizations which is sponsored by the local tobacco coalition.
- County was awarded the Drug Free Community Support Grant.
- Town Hall type meetings on Meth and Underage Drinking.
- Provided scholarship to hospital for out-patient treatment.
- AA groups meet twice a week. AA for women and NA for both genders meets in nearby Scottsburg.
- During the Town Hall meeting the LCC was made aware that there isn't an up-to-date list of AA and NA meetings for residents of Washington County. We spoke with Judge and he expressed an interest in getting those meeting posted on his website.
- Seven local restaurants are smoke-free.
- One school system is completely smoke-free.
- Drug Dog utilized in the community.
- Programs in county jail for inmates on consequences of using drugs.
- Washington County recorded no alcohol-related deaths.
- Advocate for some type of half-way house or facility for recovering addicts.

Final Update (progress towards the objectives):

-
-
-
-

Goals:

- Help obtain a half-way house or facility for recovering addicts
- Increase funding for the Teen Challenge program.
- Increase attendance at AA and NA groups
- Increase attendance at jail programs offered by local ministry
-
-

Year 1 Annual Benchmarks:

- Reading program (SOAR) offered to detention center inmates.
- Web page promoted to all service organizations in the county.
- Social marketing segment added to provide information to the community.
-

Year 2 Annual Benchmarks:

- No halfway house in the county
- Youth usage has decreased to closer percentage to state and national.
- Inmates at local jail participating in record numbers to programs.
-

Final Report:

-
-
-
-

Problem Statement #3: Law enforcement and justice system programs in the county are overwhelmed with the demands put on the system by substance abusing offenders.

Supportive Data:

- The Washington County Sheriff's Office and County Prosecutor reported 435 alcohol and drug-related cases tried in Superior Court in 2003. This is up from 410 in 2002. One reason is the prosecutor's determination to get tough with perpetrators. Another reason is a growing problem with methamphetamine coming into the county.
- The County Probation and Court personnel report that 80-90% of criminal cases have direct or indirect associations with substance abuse.
- There were 50 alcohol related crashes in Washington County in 2000, resulting in 23 injuries and two deaths.

Year 1 Update of Supportive Data:

- The Washington County Clerk's office recorded 340 adult alcohol and drug related cases tried in Superior Court in 2004. Most had been charged with driving under the influence. Fifty were charged with marijuana use or possession. Nine each have been charged with Meth or cocaine use or possession. The Probation Department had 204 juveniles on probation in 2004. Twenty-four were charged with alcohol, fifteen for marijuana, one for cocaine and one for tobacco possession.
- The County Probation and Prosecutor's offices report that 80-90% of all criminal cases have direct or indirect associations with substance abuse. Risk factors for the county include a high tolerance for drug use, moderate to high poverty levels and unemployment. Statistics show that in 2000, in the population over 25 years of age, only 10.2% have a degree; 75% have high school diplomas. In 2003, sixteen percent of residents were at the lowest level of reading.

Year 2 Update of Supportive Data:

- No alcohol related deaths in 2005.
- Continued financial support of New Horizons.
- Purchase of equipment for State Police for meth team.
- Prosecutor's office reports almost 85% of cases are related to drug use.
- Probation officers report 13 alcohol and 12 drug cases for youth.
- Meth labs have decreased but are still a major concern for local law officials.
- Prevent Child Abuse Council reported 340 child abuse and neglect cases in 2005.
- 50 alcohol related crashes with two deaths.

Final Update of Supportive Data:

-
-
-
-

Objectives:

- Support the development of self-help support groups such as AA in the County Jail.
- Provide appropriate equipment, materials and funding for local police and justice agencies for programs/services related to substance abuse.
- Provide assessment services, drug testing and treatment for offender populations.
- Require treatment as a condition of home incarceration as appropriate with substance abusing offenders.
- Support impaired driving prevention/education and enforcement programs, including Operation Pullover
- Continue support of local Drug Dog prevention and enforcement efforts
- Continue tobacco retailer enforcement activities.
- Year 1 addition:
- Support the establishment of a Teen Drug Court in the County.
- Year 2 additions:
- Use law enforcement in Project LEAD.
- Advocate for increased fines in drug-related cases.
- Advocate increased jail time for repeat DUI offenders.
-
-

Year 1 Update (progress towards the objectives):

- Provide a meeting place
- Provide financial support if necessary
- Award mini-grants to law enforcement for materials or supplies
- Provide financial support for above listed services as necessary
- Work with probation, prosecutor, sheriff, etc., when appropriate with informational articles on programs that are effective
- Provided funds as needed
- Provided media support if possible
- The council has provided two dogs at the present time
- Provided mini-grants for care of dogs
- Provide support of any handouts during presentations by dog
- Used VOICE in this endeavor

Year 2 Update (progress towards the objectives):

- Drug Dog trainer reports on monthly activities. Funded materials supporting the work of both dogs (one passed away this year).
- In Julie's Memory is shown to arrested individuals and shown periodically to all jail inmates.
- Alcohol Forum attended by local director reported ideas to ICRUD.
- Advocated for restriction of sales of Meth ingredients.
- Education and Awareness through local media.
- Numerous programs in schools and community.

Final Update (progress towards the objectives):

-
-
-
-

Goals:

- Eliminate all alcohol-related deaths in the community.
- Help coordinate and support all self-help programs in the county.
- Support prevention/education programs for teen drivers.
-
-

Year 1 Annual Benchmarks:

- Youth smoking and use of their drugs decreased significantly in most categories.
- Retailers sale of tobacco to youth reduced to 12%.
- VOICE for teens organized.
-

Year 2 Annual Benchmarks:

- No alcohol-related deaths in 2005.
- AA groups meet twice a week. AA for women and NA for both genders meet in nearby Scottsburg.
- Town Hall meeting on Underage Drinking.
-
-

Final Report:

-
-
-
-

Amount Collected by the Auditor for the Communities Fund, 2005 \$24,321.00

The Substance Abuse Council had requests for \$24,744 but could allow \$19,000 due to lack of funds.

Minigrant applications are collected by the Council by November 1 of the calendar year. The Council takes into consideration the amount of money available as well as how the recipient reported from prior grants. Applicants are required to submit a written report and are asked to submit an oral report.

Matching Federal Grant Dollars will be \$15,000 plus \$10,000 in-kind.
